

**INFORMAZIONI
PERSONALI**
Paolo ROCCARO

 ✉ paolo.roccaro@unict.it, paoloroccaro1@gmail.com
FORMAZIONE

- | | |
|------|---|
| 2008 | Ph.D. in Ingegneria Civile e Ambientale , Università di Salerno (Italy). |
| 2002 | “Laurea” (VO 5 anni) in Ingegneria Civile , Università di Catania (Italy). |

POSIZIONI ACCADEMICHE

- | | |
|-----------------|---|
| 2018 - Presente | Professore Ordinario di Ingegneria Sanitaria Ambientale , Dipartimento di Ingegneria Civile e Architettura, Università di Catania, Italy. |
| 2014 - 2018 | Professore Associato di Ingegneria Sanitaria Ambientale, Dipartimento di Ingegneria Civile e Architettura, Università di Catania, Italy. |
| 2011 | Fulbright Scholar, University of Arizona (Tucson, USA), Department of Chemical and Environmental Engineering, BIO5 Institute and Arizona Laboratory for Emerging Contaminants (ALEC). |
| 2008 - 2014 | Assistant Professor, Department of Civil Engineering and Architecture, Università di Catania, Italy. |
| 2007 - 2008 | Aggregate Professor, Università di Catania, Department of Civil and Environmental Engineering. |
| 2003 - 2008 | Research Associate, Università di Catania, Department of Civil and Environmental Engineering |
| 2005 - 2006 | Visiting Scholar, University of Washington, Department of Civil and Environmental Engineering |

ATTIVITA' DIDATTICA

- | | |
|-----------------|--|
| 2007 - Presente | Insegnamento “Impianti di trattamento Sanitario Ambientale” , Università di Catania |
| 2012 - Presente | Insegnamento “Impianti di trattamento delle acque” , Università di Catania |
| 2008 - 2010 | |
| 2011 - 2012 | Insegnamento “Ingegneria Sanitaria Ambientale” , Università di Catania |
| 2015 - 2017 | |
| 2008- 2009 | Insegnamento “Impianti di trattamento Sanitario Ambientale” , Università di Enna “Kore” con Università di Catania |

ATTIVITA' CONTO TERZI E CONSULENZE

- | | |
|----------------|---|
| 2023 - Present | Consulente per ISAB nell'ambito del Procedimento IAS. |
| 2022 - 2022 | Convenzione conto terzi con ISAB per studio di un piezometro contaminato. |
| 2017 - 2017 | Convenzione conto terzi con Presidio Ospedaliero Garibaldi presso la sede di Nesima - Rilievo e verifica dell'adeguatezza del sistema degli scarichi fognari dell'azienda ospedaliera. |
| 2017 - 2017 | Consulenza per Fondazione Istituto Giglio per lo studio della qualità degli scarichi fognari del Presidio Ospedaliero Giglio di Cefalù. |
| 2012 - 2013 | Convenzione conto terzi con Gestione Governativa Ferrovia Circumetnea (FCE) - Monitoraggio meteorologico e redazione dei rapporti mensili di monitoraggio |

- 2009 - 2009 | ambientale.
Consulenza per Sicilia Acque per studio della formazione di sottoprodotti di disinfezione (trialometani) nelle acque clorate.

AWARDS, HONORS, AND INVITED SPEAKER

- 2023 | **Ranked in the top 2% world's Scientists** based on years 2020 - 2023 by Stanford University, as published by Elsevier”.
- 2023 | **Invited as keynote presenter** at the Joint Congress of the **9th International Water Industry Conference and the 4th WaterEnergyNexus Conference IWIC-WEN 2023, 5-8 December 2023 / EXCO, Daegu, Korea**. Title “Spectroscopic based approach for DBPs control in drinking water”.
- 2023 | **Invited as keynote presenter** in the Division of Environmental Chemistry (ENVR) program at the **ACS Fall 2023 Hybrid Meeting, August 13-17, 2023**. title “Best available treatment technology for PFAS removal from water: Current gaps and research needs”.
- 2021 | **Invited as keynote presenter** in the Division of Environmental Chemistry (ENVR) program at the **ACS Fall 2021 Hybrid Meeting, August 22-26, 2021**. Session "Current Perspectives in Water Reuse & Recycling", title “Treatment processes for wastewater reclamation: The challenges of emerging contaminants and direct potable reuse”.
- 2017 | **Invited Seminar** “Use of absorbance and fluorescence based surrogates to monitor disinfection/oxidation by-products formation”, **University of Ghent**, Ghent, December 14, 2017.
- 2016 | **Awarded under the Erasmus Program** for giving seminars at the **Ghent University**.
- 2015 | **Invited Seminar** Invited Seminar, “Formation and degradation of NDMA in water reclamation processes” **TUM Technische Universität München**, Monaco, 24 marzo 2015.
- 2015 | **Invited Seminar** “FORMATION AND CONTROL OF NDMA DURING ADVANCED TREATMENTS FOR WASTEWATER REUSE, **The Hong Kong University of Science and Technology**, Hong Kong, China, January 15, 2015.
- 2009 - 2015 | Member of the Management Committee of the Specialist Group “Water Reuse” of the **International Water Association (IWA)**.
- 2010 - 1011 | **Winner of the Fulbright Scholarship** “Fulbright Scholar Program Advanced Research and University Lecturing Awards in the United States”, category “Research Scholar”.
- 2011 | **Awarded from the Council for International Exchange of Scholars (CIES) for the invited seminar** “Removal and control of micro-pollutants in drinking water” held at the University of Nevada – Las Vegas, Department of Civil and Environmental Engineering.
- 2011 | **Invited seminar at the Southern Nevada Water Authority** on “Real time monitoring of emerging chlorination by-products in drinking water by using surrogates”, Las Vegas.
- 2011 | **Awarded from the Council for International Exchange of Scholars (CIES) for the invited seminar** “Water quality issues in natural and engineered systems: experiences and perspectives in Sicily” Seminar at the University of California, Riverside, Bourns College of Engineering, Department of Chemical and environmental Engineering.
- 2011 | **Summer Mini-Symposium, invited seminar** on “Formation and control of chlorination by-products by spectroscopic approach” at University of California, Irvine, Urban Water Research Center.

- 2011 | **Awarded for the outstanding contribution as a member of the Scientific Committee of the 8th IWA International Conference on Water Reclamation and Reuse** for the review of many submitted papers.
- 2009 | **Advisor** (jointly with professor Vagliasindi F.G.A.) of the thesis on “Airborne asbestos-like fibres released in indoor ambient from contaminated drinking water: a full scale experimental study” (in Italian) which received the **Special Mention of the Scientific and Advisory Committees of the Remediation Technologies Expo (RemTech 2009)**.
- 2009 | **Invited to the Gordon Research Conference** on “Drinking Water Disinfection By-Products”, Mount Holyoke College, South Hadley, MA.
- 2008 | **Best poster presentation** “Fluorescence of NOM and its use to predict DBP formation”, 4th IWA Specialist Conference “Natural Organic Matter: from Source to Tap”, supported by: IWA Specialist Groups on (i) Design, Operation and Maintenance of Drinking Water Treatment Plants (ii) Disinfection and organized by Cranfield University.

CURRENT AND COMPLETED RESEARCH PROJECTS

- 2022 - present | **WP Leader - (EU - Horizon Europe) “INNOVATIVE TOOLS TO CONTROL ORGANIC MATTER AND DISINFECTION BYPRODUCTS IN DRINKING WATER – intoDBP”.**
- 2022 - present | **Task Leader - (MUR) “SAMOTHRACE - SiciliAn MicronanOTech Research And Innovation Center” – Ecosistema dell’innovazione (PNRR, Mission 4, Component 2 Investment 1.5, Avviso n. 3277 del 30.12.-2021)”.**
- 2021 - present | **Co-PI - (Funding from The Water Research Foundation, USA) “Microwave Regeneration of PFAS-Exhausted Granular Activated Carbon”.**
- 2021 - present | **PI - (Funding from Regione Siciliana, PSR) “Sistemi di coltivazione innovativi – SISCOL”.**
- 2021 - present | **PI - (Funding from Regione Siciliana, PSR) “Sistemi Intelligenti ed Ecosostenibili per l’Agricoltura Siciliana – SISAG”.**
- 2018 - 2020 | **PI - (Funding from the University of Catania) Advanced processes for the removal of emerging contaminants from water (PACEm).**
- 2018 - 2020 | **PI - (Funding from the Italian Ministry of Environment) Recovery and use of Volcanic Ash from Mt. Etna – REUCET.**
- 2014 - 2016 | **PI - FIR 2014 (Funding from the University of Catania) Evaluation of Alternative “End-of-Waste”, in the fields of Civil and Environmental Engineering, of Volcanic Ash from Mt. Etna - VALICA-ETNA.**
- 2011 - 2013 | **Co-PI - PRIN 2009 - Development of a decision support system to assess the feasibility and sustainability of reuse projects and evaluation of occurrence and issues of emerging contaminants in different type and size of wastewater treatment plants (grant 20092MES7A_002) funded by the Ministry of Education, University and Research (MIUR).**
- 2012 | **PI – Waste recycling in the production of concrete: evaluation of environmental feasibility, funded by the University of Catania, Grant for “active researchers”,**
- 2012 | **PI – Environmental monitoring during tunnelling works, funded by Gestione Governativa Ferrovia Circumetnea (FCE).**
- 2011 | **PI - The U.S.-Italy Fulbright Commission: Evaluation of the removal of emerging contaminants from water during advanced oxidation processes using surrogates.**

| | |
|-------------|--|
| | Research Project funded by the U.S.-Italy Fulbright Commission , Fulbright Scholar. |
| 2009 | Participant – Removal of asbestiform fibers from groundwater in the Site of National Interest of Biancavilla (CT), funded from the Sicilian Commissary for the site remediation and water protection. |
| 2002 - 2006 | Participant - PON ACQUATEC “Innovative Technologies of control, treatment and maintenance to overcome the water emergency”, funded by the Ministry of Education, University and Research (MIUR). Participant - PRIN 2006: Criteria and tools for environmental remediation and functional regeneration of contaminated sites (grant 2006081991_001), funded by the Ministry of Education, University and Research (MIUR). |
| 2008-2011 | Participant – PRA 2008-2011: Asbestiform fibers in groundwater intended for human consumption in the Site of National Interest of Biancavilla (CT). Occurrence, exposure, health risk and removal, funded by the University of Catania. |
| 2007-2009 | Participant – PRA 2007: Sustainable management of Urban Solid Waste, funded by the University of Catania. |
| 2005 - 2006 | Participant - EPA/Cadmus (grant 069-UW-1): Characterization of Natural Organic Matter (NOM) in Washington, D.C. Drinking Water (PI Gregory Korshin, University of Washington di Seattle). |
| 2004 - 2007 | Participant - PRIN 2004: Control and monitoring of drinking water quality (grant 2004088734), funded by the Ministry of Education, University and Research (MIUR). |
| 2006 | Participant – Study of the reception and treatment facility for bilge water, funded by MAXCOM Petroli S.p.A. |
| 2005 | Participant – Treatment of dirty ballast water, funded by MAXCOM Petroli S.p.A. |
| 2003 | Participant – European Union (V Framework Program): “Program confirming the international role of community research”, Project “Water resources management under drought conditions: criteria and tools for conjunctive use of conventional and marginal waters in Mediterranean regions. INCOMED, WAM-ME (Project n° ICA3-CT-1999-00014), 2003. |

GRADUATE STUDENTS AND POST-DOC MENTORING/EVALUATION

| | |
|----------------|---|
| 2021 - present | Advisor: n.3 Ph.D. students in “Evaluation and mitigation of environmental risk” Department of Civil Engineering and Architecture, University of Catania. |
| 2021 - 2022 | Advisor: n.1 Post-doc in “Water-energy-food nexus: sistemi innovativi per il trattamento e la gestione sostenibile delle acque e dei rifiuti” Department of Civil Engineering and Architecture, University of Catania – Dr. Gagliano Erica. |
| 2021 | External Evaluator: Doctor (PhD) in n Ingegneria Ambientale ed Idraulica, Sapienza Università di Roma Calabria, “Biochar as reactive material for heavy metals removal from contaminated water”, Candidate Simone Marzeddu. |
| 2021 | External Evaluator: Doctor (PhD) in Scienze della Vita, Università della Calabria, “DEVELOPMENT AND USE OF INNOVATIVE REAGENT MATERIALS FOR THE REMOVAL OF ORGANIC AND INORGANIC POLLUTANTS FROM NATURAL WATER AND WASTEWATER”, Candidate Giulia Maria Curcio. |
| 2021 | External Evaluator: Doctor (PhD) in Materials and structural engineering and nanotechnology, Università del Salento, “INTEGRATED ADVANCED OXIDATION AND BIOFILTRATION TECHNOLOGIES FOR WASTEWATER REUSE”, Candidate |

- Federica Piras.
- 2021 **Member of the Board of Examiners: Doctor (PhD) in Risk and Sustainability in Civil, Architectural and Environmental engineering systems, Università di Salerno** “TERTIARY TREATMENT OF URBAN WASTEWATER BY ADVANCED OXIDATION PROCESSES”, April 2021, Candidate Gulnara Maniakova.
- 2021 **Member of the Board of Examiners: Doctor (PhD) in RISCHIO E SOSTENIBILITA' NEI SISTEMI DELL'INGEGNERIA CIVILE, EDILE ED AMBIENTALE, Università di Salerno** “PROCESSI BIOELETTROCHIMICI A MEMBRANE DINAMICHE AUTOFORMANTI INCAPSULATE PER IL TRATTAMENTO SOSTENIBILE DELLE ACQUE REFLUE”, June 2021, Candidate Fabiano Castrogiovanni.
- 2017 - 2021 **Advisor: n.1 Ph.D. student** in “Evaluation and mitigation of environmental risk” Department of Civil Engineering and Architecture, University of Catania – Candidate Gagliano Erica.
- 2020 **Member of the Board of Examiners: Doctor (PhD) in Scienze della Vita, Università della Calabria**, “Sviluppo di un processo integrato per il recupero energetico e di composti valorizzabili da residui organici”, Candidate Carlo Limonti.
- 2020 **Member of the Board of Examiners: Doctor (PhD) in Scienze della Vita, Università della Calabria**, “Renewable Energy Driven low cost membranes for water purification and Reclamation”, Candidate DEBOLINA MUKHERJEE.
- 2020 **Member of the Board of Examiners: Doctor (PhD) in Applied Biological Sciences, Faculty of Bioscience Engineering, Ghent University** – “Assessment of different water treatment techniques to remove root exudates in closed hydroponic systems” **Ghent, March 2020** – Candidate Seyedahmad HOSSEINZADEH.
- 2019 **Member of the Examination Committee of the joint PhD degree in Environmental Technology** - Erasmus Joint doctorate programme in Environmental Technology – Università Paris–Est, Università degli Studi di Cassino e UNESCO – IHE, Tampere University – Candidate Anna Gielnik, titolo “Digestate valorization for bioremediation of total petroleum hydrocarbons contaminated soils”.
- 2019 **External Evaluator: n.1 Ph.D. thesis in Ingegneria per l’Innovazione e lo Sviluppo Sostenibile, Università degli Studi della Basilicata**, “Bonifica di suoli contaminati da idrocarburi: trattamenti innovativi di ossidazione avanzata e bioremediation”, Candidate Giuseppina Mazzone.
- 2017 **External Evaluator: Doctor (PhD) in ENVIRONMENTAL AND INFRASTRUCTURE ENGINEERING, Politecnico di Milano**, “OPTIMIZATION OF ACTIVATED CARBON ADSORPTION FOR MICROPOLLUTANT REMOVAL FROM DRINKING WATER”, Candidate Andrea Piazzoli.
- 2017 **Member of the Board of Examiners: Doctor (PhD) in Applied Biological Sciences, Faculty of Bioscience Engineering, Ghent University** – “Surrogate-based online monitoring and control framework for trace organic contaminant removal during ozonation of secondary wastewater effluent - from lab-scale to practical application” **Ghent, 14 December 2017**, Candidate Michael Chys.
- 2016 **Member of the Examination Committee of the joint PhD degree in Environmental Technology** - Erasmus Joint doctorate programme in **Environmental Technology for Contaminated Solids, Soils and Sediments (ETeCoS3) – Università Paris–Est, Università degli Studi di Cassino e UNESCO – IHE** – Candidate Ludovico Pontoni, titolo “Accumulation and colloidal mobilization of trace heavy metals in soil irrigated with treated wastewater”.

| | |
|----------------|--|
| 2016 | Member of the Examination Committee of the joint PhD degree in Environmental Technology - Erasmus Joint doctorate programme in Environmental Technology for Contaminated Solids, Soils and Sediments (ETeCoS3) – Université Paris–Est, Università degli Studi di Cassino e UNESCO – IHE – Candidate Borislava Lukić, titolo “Composting of organic waste for enhanced bioremediation of PAHs contaminated soils”. |
| 2010 - 2014 | Advisor: n.1 Ph.D. student in “Engineering of Hydraulic, Sanitary-environmental and Transportation Infrastructures” Department of Civil and Environmental Engineering, University of Catania – Candidate Famoso D. A., “SVILUPPO DI UN SISTEMA GIS E WEBGIS A SUPPORTO DELLE ATTIVITÀ DI BONIFICA DEL SITO DI INTERESSE NAZIONALE DI BIANCAVILLA”. |
| 2010-2013 | Advisor: n.1 Ph.D. student in “Engineering of Hydraulic, Sanitary-environmental and Transportation Infrastructures” Department of Civil and Environmental Engineering, University of Catania. Title assigned awarded as “Doctor International” – Candidate Sgroi M., “FORMATION AND CONTROL OF N-NITROSODIMETHYLAMINE (NDMA) IN WASTEWATER RECLAIMED FOR INDIRECT POTABLE REUSE”. |
| 2005 - Present | Advisor: n.46 Master students in the field of Civil and Environmental Engineering. |

SCIENTIFIC SERVICE

| | |
|----------------|--|
| 2024 - Present | Editor – Journal of Environmental Management , Elsevier. |
| 2023 - Present | Associate Editor – Chemosphere , Elsevier. |
| 2019 - 2024 | Associate Editor – Journal of Environmental Management , Elsevier. |
| 2017 - Present | Editorial Board - Current Opinion in Environmental Science & Health , Elsevier. |
| 2008 - Present | Reviewer for several journals such as Environmental Science & Technology, Water Research, Chemical Engineering Journal, Desalination, Journal of Hazardous Materials, Water Science and Technology, Water Science and Technology: Water Supply, Science of Total Environment, Journal of Cleaner Production, Ozone: Science & Engineering, Water, Journal of Water Supply: Research and Technology—AQUA, Hydrobiologia, Water Environment Research, Separation and Purification Technology. |

INSTITUTIONAL RESPONSIBILITIES

| | |
|-------------------------|---|
| 2020 - Present | Chair of the Master Degree in Environmental Engineering at the Department of Civil Engineering and Architecture, University of Catania. |
| 2015 - Present | Member of the Quality Committee of the Department of Civil Engineering and Architecture , University of Catania. |
| 2012 - Present | Responsible for the quality assurance of the Master in Civil Engineering for water and transportation systems. |
| 2009 - Present | Member of the Committee of Ph.D. in Hydraulic, Sanitary, Environmental and Transportation Engineering, Department of Civil and Environmental Engineering, University of Catania. |
| 2016 - 2020 | Member of the Professors-Students Committee of the Department of Civil Engineering and Architecture, University of Catania. |
| 2009 - 2013, 2015, 2016 | Adjunct member to the Committees for the evaluation of civil and environmental engineers to be registered in the Professional Engineering Order . |

- | | |
|----------------|---|
| 2008 - Present | Member of several Committees for the graduation of undergraduate and graduate students in Civil and Environmental Engineering. |
| 2012 - Present | <p>Responsible for the Erasmus Studio/Placement Agreement between the University of Catania and the following Institutions:</p> <ul style="list-style-type: none"> ➤ Institut Català de Recerca de l'Aigua (ICRA) Girona (Spain); ➤ Bogazici University, Istanbul (Turkey); ➤ TUM, Monaco (Germany); ➤ Ghent University (Belgium). |

ORGANISATION/SCIENTIFIC SUPPORT OF MEETINGS

- | | |
|----------------|--|
| 2010 - Present | Member of the Scientific and Organizing Committee of the Workshop “SICON - CONTAMINATED SITES. Experiences in the remediation activities”, from 1 st to 7 th Edition, (in Italian). |
| 2015 | Member of the Scientific Committee of the 10 th IWA International Conference on Water Reclamation & Reuse, 5-9 July 2015, Harbin, China. |
| 2013 | Member of the Scientific Committee of the 9 th IWA International Conference on Water Reclamation & Reuse, 27-31 October 2013, Windhoek, Namibia. |
| 2012 | Organization of the Seminar “Air pollution: issues and control systems” Department of Civil and Environmental Engineering, University of Catania, in collaboration with the U.S.-Italy Fulbright Commission, Catania, 8 June 2012 (in Italian). |
| 2011 | Member of the Scientific Committee of the 8 th IWA International Conference on Water Reclamation & Reuse, 26-29 September 2011, Barcelona, Spain |
| 2008 | Member of the Organizing Committee of the Workshop “Criteria and tools for the valorisation of wastes and the environmental and functional remediation of contaminated sites: the contribution of two National Research Projects”, Taormina, October 23-25, 2008 (in Italian). |
| 2006 | Organization of the Seminar “Control of drinking water quality: experiences and perspectives” Department of Civil and Environmental Engineering, University of Catania. December 2006 (in Italian). |
| 2006 | Member of the Organizing Committee of the Workshop “Novel processes and technologies for wastewater treatment”, Taormina, June 15-16, 2006 (in Italian). |
| 2004 | Member of the Organizing Committee of the SIDISA 2004, International Symposium on Sanitary and Environmental Engineering, Taormina, June 23-26, 2004. |

MEMBERSHIPS OF SCIENTIFIC SOCIETIES

- | | |
|----------------|--|
| 2008 - Present | Member of the Association of the Italian Sanitary and Environmental Engineering Professors (GITISA). |
| 2007 - Present | International Water Association (IWA), 2007-present. |
| 2007 – Present | Italian Association of Sanitary and Environmental Engineering (ANDIS), 2007-present. |
| 2007 – Present | American Chemical Society (ACS), 2007-2009, 2014-present. |
| 2002 – Present | Professional Engineers Board of Catania (Italy), September 2002-present. |
